Content of Catalogue

The Zephyr Music Catalogue of Printed Music, Scores and Books contains most of the items we commonly stock and sell. However, there are many titles left out which are less commonly stocked and sold but are readily obtainable when required. If you do not find the item you are looking for in the Catalogue, please ask - we still may have it in stock.

Format of Catalogue

The Catalogue contains the following information for each item: COMPOSER/AUTHOR/EDITOR/SERIES NAME; TITLE (including Key and Opus and other information where available); INSTRUMENTATION and PUBLISHER. Items are listed alphabetically by Composer/Author within the classified Sections listed in the Table of Contents on Page One. The three character code following each Section Description in the Table of Contents gives the shelf location of that section in our Crows Nest shop.

Prices

Due to price changes without notice announced by the hundreds of publishers represented in this Catalogue at different times of the year, it has not been possible to include current prices. However, the current price of any item listed is available on request.

Special Order Service

Any item in print but not in stock, can usually be obtained when required on a "Special Order" basis. Typically, this can take from a few days to a few weeks depending on the publisher and country of origin and involves no additional freight or service charge.

E-Mailing List

Receive information relevant to you, including new publications, products, specials and music industry news. You can join any of our e-mailing lists by visiting our web site, and clicking on "Mailing List".
